CHOOSE YOUR OWN: SUBWAY

I hate the subway. Not the food place, the MTA subway! It sucks, I try to be there 10 mins early, just to make it on time, my ride is an hour and 15 mins. Why is it so long? Why do you go to school so far? I can't do anything else but take the train. I mean multiple trains. The C, then then the C or A, then a bus, which is provided by my college. Thank god. Sometimes I plan to be at CENY 1hr 2 hours before my class and I end up being 10 hour before my class. I hope the MTA gets better but I guess I also love it the people dancing on the poles, with lot tricks and the animals people bring on the train is funny and cute. I love and hate the subway but I will never stop going there!
